About This Game

Freeways is a game where you draw freeway interchanges. You are the traffic engineer.

Draw roads like you're drawing a picture.

Design for efficiency or draw the spaghetti junction of your dreams.

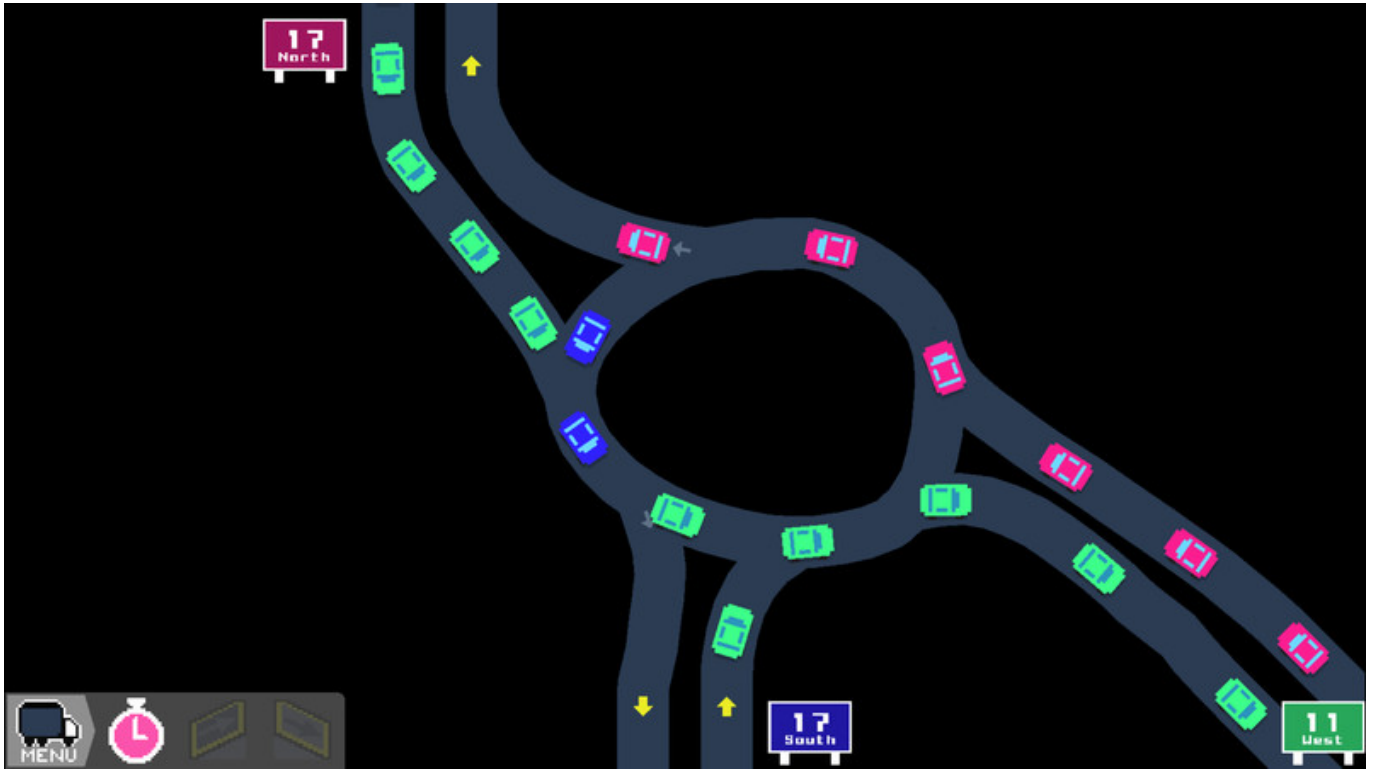

Simulate traffic flow through your interchange. Most importantly, avoid traffic jams.

Connect a whole world together in a network of interchanges. Features 80 levels.

Captain Games
Publisher:
Captain Games
Release Date: 1 Oct, 2017

a09c17d780

English

I have heard a stupidly ridiculous rumour of people wanting an "undo" button. However, I simply find that thought astonishing! What person could be MAD enough to wish for such a thing, really. I really think that an "undo" button would make the game unplayable, imagine fixing your mistake after building a masterpiece WITHOUT deleting it first, how unthinkable that is.. Just finished the game and it's pretty good.

but we need an undo button!
